

To change the name shown on your card, you need to complete Form SS-5 which is available for download [here](#) (pdf) and submit evidence of your identity. Or you can obtain Form SS-5 by calling 1-800-772-1213 or visiting your local Social Security office. These services are free.

### What if I live abroad?

If you are living outside the United States, there is a different form, the Application for a Social Security Card [\(SS-5-FS\)](#) - Foreign Service.

Your card will have your new name but the same number as your old card.

To change your name on your card, we need one or more documents identifying you by both your OLD NAME on our records and your NEW NAME. Examples of documents which might show both your old name and new name include your marriage certificate, divorce decree, or a court order changing your name. Or we can accept two identity documents -- one in your old name and one in your new name.

The document identifying you by your new name must be of recent issuance so that we can determine your continued existence. Generally, we prefer to see a document with a photograph. However, we can generally accept a non-photo identity document if it has enough information to identify you (e.g., your name as well as your age, date of birth, or parents' names). If you were born outside of the U.S, we also need proof of your U.S. citizenship or lawful alien status.

### **What evidence must I submit?**

Some documents that we can accept as proof of identity are:

Driver's license; Marriage or divorce record; Military records; Employer ID card; Adoption record; Life insurance policy; Passport; Health Insurance card (not a Medicare card); School ID card

All documents must be either originals or copies certified by the issuing agency. We cannot accept photocopies of documents. We need original documents or copies certified by the custodian of the record. Notarized copies are also not acceptable.
